

SUBJECT INDEX FOR VOLUME 15

A

- Abbott Fellowships, 280 (Jy.).
 fellowships in chemistry, 404 (Nov.).
 Accomplishment, comparison of freshman medical school with pre-admission factors (Held), 387 (Nov.).
 in arts college and in medical college correlated, 137 (Mar.).
 of 1938 freshman class in 78 medical colleges in U. S. and 8 in Canada (Zapffe), 192 (May).
 Admission requirements to medical colleges, 205 (May); 385 (Nov.).
 Admissions, note on (O'Hara), 56 (Jan.).
 American Public Health Association, date of 1940 meeting, 216 (May).
 officers for 1939-1940, 72 (Jan.).
 Anatomy, normal x-ray; principles and methods of a preclinical course (Lachmann), 132 (Mar.).
 physiology of (Sheehan), 359 (Nov.).
 Applicants for admission to 1939 freshman class of 78 medical colleges in U. S. (Zapffe), 256 (Jy.).
 Aptitude Test for medical schools, report of committee on (Moss), 249 (Jy.).
 Ashford award in tropical medicine, 346 (Sept.).
 Association of American Colleges, 1940 meeting, 73 (Jan.).
 Association news; Ann Arbor meeting, 267 (Jy.).
 Officers for 1940-1941, 393 (Nov.).
 Program for 1940 (51st) annual meeting, 336 (Sept.).
 Transactions and journals for sale by F. C. Waite, 73 (Jan.).

B

- Bachmeyer, A. C., 393 (Nov.).
 Begg, A. S., 393 (Nov.).
 Bernard Portis research fellowship fund in surgery, 216 (May).
 Bloodpressure cuffs, new, 278 (Jy.).
 Books (see News, Books).
 Boy trouble (Lamson), 32 (Jan.).
 Burke-Wadsworth Bill, 339 (Sept.).
 Burton-Levin Foundation, 280 (Jy.).

C

- Canada, Medical council of, 402 (Nov.).
 Cancer, Finney-Howell fellowships in, 278 (Jy.).
 Case method of learning medicine (MacArthur), 245 (Jy.).
 Catholic Hospital Association, silver jubilee, 216 (May).
 Chemistry, Abbott fellowships in, 404 (Nov.).
 Credentials, admission, of 1939 freshman class; analysis, 63 (Jan.).
 College and medical education (Rappleye), 221 (Jy.).
 Color-blindness, new tests for, 403 (Nov.).
 Columbia adopts four year course in 1894, 269 (Jy.).
 Commonwealth Fund; annual report, 148 (Mar.).

Culture, what is? 65 (Jan.).

Curriculum, a four year correlative plan for the nervous system (Mettler, Cleckley, Slaughter), 291 (Sept.).

D

- Dartmouth College student health service (Milliken), 98 (Mar.).
 Directory of specialists, 140 (Mar.).

E

- Economics, planned, and the medical profession (Pew), 365 (Nov.).
 Editorials, 61 (Jan.); 137 (Mar.); 205 (May); 265 (Jy.); 339 (Sept.); 391 (Nov.).
 Education, apropos of, 269 (Jy.).
 general, relation to medical education (Zapffe), 228 (Jy.).
 graduate, in pediatrics (Mitchell), 157 (May).
 graduate, in surgery (Reid) (Stevenson) (Zinniger) (Herrmann) (Doughty) (Carter), 163, 169, 174, 176, 179, 181 (May).
 graduate, medical, 268 (Jy.).
 graduate, medical (Welker), 183 (May).
 medical, and the college (Rappleye), 221 (Jy.).
 medical, bridging the gap between collegiate and (Mettler), 235 (Jy.).
 medical, challenge to (Rappleye), 1 (Jan.).
 medical, graduate, symposium, 153, 157, 163, 169, 174, 176, 179, 181, 183 (May);
 medical, physical therapy in (Coulter), 285 (Sept.).
 medical, relation of general education to (Zapffe), 228 (Jy.).
 medical, student's point of view, 62 (Jan.).
 premedical: 76 variations of a single theme (Swett), 385 (Nov.).
 Entrance requirements, 265 (Jy.).
 requirements of 76 medical colleges (Swett), 385 (Nov.).

F

- Faith and the doctor (Henry), 330 (Sept.).
 Fellowship: Bernard Portis in surgery, 216 (May).
 Frederick Tilney research fellowship in neurological sciences, 216 (May).
 Lewis Cass Ledyard, Jr.: Society of the New York Hospital, 147 (Mar.).
 New York Hospital Ledyard fellowship, 216 (May).
 of the Medical Faculty of the University of Geneva, 279 (Jy.).
 Fellowships: Abbott, 280 (Jy.); in chemistry, 404 (Nov.).
 Mary Putnam Jacobi, 72 (Jan.).
 Research fellowships in medicine and dentistry, Graduate School, University of Illinois, 148 (Mar.).
 Finney-Howell in cancer, 278 (Jy.).
 Finney-Howell fellowships in cancer, 278 (Jy.).

Foundation: Burton-Levin, 280 (Jy.).

Kellogg, 404 (Nov.).

Frederick Tilney research fellowships in neurological sciences, 216 (May).

Funds

Bernard Portis research fellowship in surgery, 216 (May).

G

George Dock lectureship, 279 (Jy.).

Gorgas Institute of Medical Sciences, 279 (Jy.).

Graduates of 1939, 138 (Mar.).

H

Harvard Medical School, tutorial system (Bauer), 117 (Mar.).

Harvard School of Dental Medicine, 280 (Jy.).

Health, human, and its assessability (Ryerson), 91 (Mar.).

officers: educational qualifications of, 138 (Mar.).

student, at Dartmouth College (Milliken), 98 (Mar.).

Hospital administration; graduate training in, 137 (Mar.).

administration, trend of specialization, 206 (May).

I

Intern appointments, announcement of, 340 (Sept.).
appointments, uniform date for announcing, 267 (Jy.).

training, administrator's influence on, 206 (May).

Internship and residency (Buerki), 8 (Jan.).

educational standard for, 205 (May).

required for licensure in Canada, 206 (May).
the hospital, 61 (Jan.).

Internships, American Hospital Association approves action on, 206 (May).

and residencies, 403 (Nov.).

approval of, 62 (Jan.).

regional committee on, 267 (Jy.).

Report on committee work for 1939, 61 (Jan.).

J

Journals, European, and the War, 73 (Jan.).

K

Kellogg foundation, 404 (Nov.).

L

Library, formal training of medical students in use of (Postell), 241 (Jy.).

Licensure, statistics on, 266 (Jy.).

M

Massachusetts law for approval of medical colleges, 64 (Jan.).

Medicine, history of; correlative method of teaching (Mettler), 129 (Mar.).

internal, graduate training in a municipal hospital (Blankenhorn), 153 (May).

student case method of learning (MacArthur), 245 (Jy.).

tropical, Ashford award, 346 (Sept.).

Microscopes, stereoscopic, new series of, 278 (Jy.).

N

National Board of Medical Examiners, new appointments, 147 (Mar.).

National Institute of Health, 279 (Jy.).

Nervous system, a four year correlative teaching plan (Mettler, Cleckley, Slaughter), 291 (Sept.).

New York Hospital Ledyard fellowship 216 (May).

News, books, 74 (Jan.); 149 (Mar.); 217 (May); 282 (Jy.); 347 (Sept.); 405 (Nov.).

college, 66 (Jan.); 141 (Mar.); 209 (May); 271 (Jy.); 341 (Sept.); 394 (Nov.).

general, 72 (Jan.); 147 (Mar.); 216 (May); 278 (Jy.); 346 (Sept.); 400 (Nov.).

Nu Sigma Nu: 1939 lecture at Cornell, 73 (Jan.).

O

Obstetrics, teaching of, 207 (May).

Officers, junior medical, for government services, 402 (Nov.).

Oster memorial at Blockley, 279 (Jy.).

P

Pathology, surgical, graduate teaching at the University of Cincinnati (Zinninger), 174 (May).

Pediatrics, graduate teaching in (Mitchell), 157 (May).

Physical therapy in medical education (Coulter), 285 (Sept.).

Physician, training and cultural background of (Dock), 381 (Nov.).

Physics, role of in premedical training, 64 (Jan.).

Physiology of anatomy (Sheehan), 359 (Nov.).

Placement service at University of Pennsylvania, 279 (Jy.).

Poems: *Medicina bona*, 48 (Jan.); *Atomic Freedom*, 60 (Jan.); *Lugubriosity*, 131 (Mar.); *Nebulism*, 162 (May); *Music of the Spheres*, 178 (May); *Stephenson's Eulogy*, 270 (Jy.).
The Paths of Knowledge, (Sept.); *Misery*, 290 (Sept.); *Latona and the Rustics*, 408 (Nov.).

"Pre" courses and vocational education; bane of in preparation for study of medicine (Zapffe), 317 (Sept.).

Preparation for the study of medicine, bane of "pre" courses and vocational education (Zapffe), 317 (Sept.).

Prizes:

Francis Amory septennial, 147 (Mar.).

Professorships, number and nomenclature of in medical schools of the U. S. (Waite), 49 (Jan.).

Psychiatry, criticism of undergraduate teaching in (Colomb), 323 (Sept.).

residency in, 403 (Nov.).

teaching of (Lamson), 32 (Jan.).

Public health, undergraduate medical instruction at Long Island College of Medicine (Rohr), 189 (May).

R

- Report of committee on aptitude tests for medical schools (Moss), 249 (Jy.).
 Residency and internship (Buerki), 8 (Jan.).
 in psychiatry, 403 (Nov.).
 Rockefeller Foundation report for 1939, 208 (May).

S

- Sciences, fundamental: role in medical progress (Carlson), 351 (Nov.).
 Selective training, 391 (Nov.).
 South: Southern medical schools and physicians of the past century and a half (Davison), 123 (Mar.).
 Sphygmomanometers, research on lag in mercurial, 400 (Nov.).
 Student health, 139 (Mar.).
 health service and the medical school (Sundwall), 81 (Mar.).
 health: symposium on, 81-116 (Mar.).
 Students, medical, further attempts at selecting (Hyman), 186 (May).
 Surgeons, training of, at Cincinnati General Hospital, 163 (May).
 Surgery: Bernard Portis fellowship, 216 (May).

T

- Teaching, a four year correlative plan for the nervous system (Mettler, Cleckley, Slaughter), 291 (Sept.).
 history of medicine by correlative method (Mettler), 129 (Mar.).
 normal x-ray anatomy (Lachmann), 132 (Mar.).
 of obstetrics, 207 (May).
 Terry, Robert James, lecture, 404 (Nov.).
 Tests, new, for color blindness, 403 (Nov.).
 Tuberculosis, prevention, immunization and periodic health examinations among medical students, 104 (Mar.).
 Tutorial system at Harvard Medical School (Bauer), 117 (Mar.).

U

- University of Pennsylvania placement service, 279 (Jy.).
 University, the (Hildebrand), 372 (Nov.).
 Vision, influence of color and form of on progress of medical students in microscopic anatomy: implications in medical education (Fletcher), 301 (Sept.).

Z

- Zinsser, Hans, 392 (Nov.).
